

Assignment-1

Solve all the solved and unsolved numerical problems of **chapter-1, 2, and 3** of **Digital Logic and Computer Design** by M Morris Mano

Submission date (expired)

Assignment-2

Solve all the solved and unsolved numerical problems of **chapter-4 (combinational logic circuits)** of **Digital Logic and Computer Design** by M Morris Mano

Submission date (31/10/2024)

Assignment-3

Solve all the solved and unsolved numerical problems of **chapter-6 (synchronous sequential logic), 7 (Registers, counters and memory unit) and 9 (asynchronous logic circuits)** of **Digital Logic and Computer Design** by M Morris Mano

Submission date (8/11/2024)

Home work:

Practice numerical problems of book **SCHUM'S OUTLINE OF THEORY AND PROBLEMS OF DIGITAL PRINCIPLES** of chapter 1 to 5 and 7 to 11 must be solved for understanding concepts properly.
